

CleanClose™ with ChildBlock™

Certified Child-Resistant Laundry Detergent Pod Packaging

CleanClose™ with ChildBlock™ is certified child-resistant under 16 CFR § 1700.20.

A sustainable alternative to plastic pouches and tubs, this paperboard laundry detergent pod packaging also incorporates tamper-evident features for additional peace of mind.

The cartons hold a generous pod count and the self-palletizing pack has been designed to handle significant compressive force. It also offers enhanced pallet efficiency versus plastic pouches.

Circular

- The paperboard is made from renewable wood fiber from sustainably managed forests
- Made from paperboard, with a total of 50% recycled content
- Curbside recyclable in paper waste streams. How2Recycle® prequalified as “Widely Recyclable”.*

Functional

- Tamper-evident button
- Lid closes with an audible “click”
- Very strong handle, designed to last for the life of the carton
- Self-palletizing design
- Provides over 400lbs of top load compression strength
- At least 10% more product per pallet than for pouches

Customizable

- Custom packaging system
- Full print customization capability
- Choice of paperboards
- Accommodates up to 160 pods

Commercialization

- Supplied flat, enhancing transport and warehouse efficiency

CleanClose™

Laundry Detergent Pod Packaging

CLEANCLOSE™

If certified child-resistance is not required, CleanClose™ is available in alternative one- or two-piece designs.

The one-piece design has a hinged lid and a “pinch-and-lift” child-deterrant opening mechanism. It can be direct filled or bag-in-box filled, the latter having an integrated bag for enhanced barrier protection.

The two-piece design is available in custom sizes with a drawer-style opening mechanism also with a “pinch-and-pull” child-resistant opening feature.

Circular

- The paperboard is made from renewable wood fiber from sustainably managed forests
- Can incorporate post-consumer recycled fiber
- Curbside recyclable in paper waste streams. How2Recycle® prequalified as “Widely Recyclable”.*

Functional

- Tamper-evident and child-deterrant features
- The two-piece slip case design delivers flexibility for consumer use
- The flip-top design has a one-piece hinged lid

Customizable

- Full print customization capability
- Choice of paperboards
- Sized to fit a range of pod counts

Commercialization

- Hand packing available for testing
- Supplied flat, enhancing transport and warehouse efficiency

*This package has been pre-qualified as Widely Recyclable by How2Recycle. The assigned label for on-pack usage may change due to product application, attachments, or other factors.
